

The Chairman's Forum

“A Report on the Safe and Responsible Production of Domestic Natural Gas”

**Eddie Roberson, President
Regulatory Partners**

August 1, 2012

1:30 pm

Hearing Room #1

Kentucky Public Service Commission

211 Sower Blvd, Frankfort

Mr. Roberson currently serves as the President of Regulatory Partners, an independent energy consulting company in Hendersonville, Tennessee. Mr. Roberson will be speaking along with representatives from America's Natural Gas Alliance, (ANGA). ANGA is a trade association of dozens of US Natural Gas Producers. Their mission is to promote the safe and responsible production of domestic natural gas and to promote its wide spread use as a tool in reducing America's dependence upon foreign oil.

Chairman David L. Armstrong and the Kentucky Public Service Commission will host a series of “Chairman's Forum” meetings to bring together interested parties to discuss emerging topics impacting the energy, utility and regulatory fields.
